Agartala, 3rd December, 2020

REJOINDER

The Tripura State Electricity Corporation Limited (TSECL), reacting to the news item with the title “বিদ্যুৎ সাবস্টেশন যেন ভূত বাংলা কসবা সহ মধুপুরের বিস্তীর্ণ এলাকায় ভোক্তাদের দুর্ভোগ” published on 19-11-2020 in Syandan Patrika has issued Rejoinder.

Similarly, regarding the news published in Syandan Patrika on 19-11-2020 TSECL said, the concerned news was filled with fake and false information. It was mentioned that the power management in the Kamalasagar Kali Mandir was very poorly maintained whereas a dedicated power supply system has been already built there. It is also mentioned in that news that engineers are not locals and this is the main reason that they cannot provide good service, although they are very much experienced and are doing their job very productively and with great sincerity.

The Rejoinder further said, the allegation that the Senior Manager had been transferred from Agartala to Madhupur due to which he was not serious about his work is a total false news as he has been doing his job flawlessly for the past six years in this Sub-division and there are no such complaints against him from the consumers. As the Senior Manager his job is done with utmost sincerity and he will be doing so in future also.
