One-year residential program in Software Programming

Tribal Welfare Department, Government of Tripura in collaboration with a Bengaluru based NGO Navgurukul is providing a 1-year residential program in Software Programming this year for tribal girl students who have passed class 10th examination. After completion of online screening test, first batch of students are being sent to Navgurukul for 1 year fully funded skill learning and recruitment program in software engineering. The total expenditure of students including their fooding, lodging and education for 1 year course will be borne by Navgurukul Foundation. Tribal Welfare Department will provide one time assistance for round trip travel expenses of the students. After the completion of the program, students may get placement opportunity in organisations like MindTree, Thought Works, Unacademy etc. Tribal Welfare Department, Government of Tripura aims to continue the program in coming years. This was informed by Tribal Welfare Department Director L.T Darlong in a Press Release.
