

Chief Minister also said, blocks play key role in catering to the people with different facilities of welfare schemes of the government. Obstacle was created in completing different works in the past due to lack of proper planning. It took 8 years to build Old Agartala block office building. But this time in just a year, 1 thousand flats are shaping up under Light House Project. This shows the difference in vision and working process. Chief Minister enunciated, every central and state government schemes are being taken to the people irrespective of their political affiliation. Tripura has gained its place in the whole country for its success in different fields with Sabka Sath Sabka Vikas mentality.

Chief Minister also said, people of the state are getting the benefits of different programmes adopted to bring overall development. With entrepreneurial mentality, new paths are opening up for alternate work opportunities. Government does not show excuses to collect subscriptions but believes in bringing fund from Delhi under various schemes for overall development of the state. Farmer's incomes are already increasing. Due to CSCs in every village, people are now able to get government services at nearest as well as it gives job opportunity. Initiative has been taken for promotion of employees. Special Economic Zone, Integrated Check Post etc. are opening up state's trade prospects. None had to go hungry during the Covid pandemic. Chief Minister hoped that this newly built office building will play a significant role in bringing government services to the last person of the block area. In the programme, Chief Minister distributed sewing machines to beneficiaries, loan grant papers to SHGs, dustbins to different Gram Panchayats and Village Committees, machines to farmers and work order to Soma Barman (Das) for farming ornamental fish. Chief Minister also informed that government is considering for construction of a foot bridge, a PHC and quality development of Old Agartala block area.

Deputy Chief Minister Jishnu Dev Varma in the programme said, an investment board has been formed to speed up the process of infrastructural development in the state whose main objective is to manage finance and take necessary decisions to complete the incomplete works soon. The investment board has been given 150 projects. Deputy Chief Minister said, government is working with the thought of Gram Swaraj. Its main objective is proper administration and management in villages. Importance has been given to digitalisation to bring transparency in various services. He said, social development only can bring development to the state. Government is working for bringing overall development. Mandays under MGNREGA has also notably increased during the rule of present government. Many steps have been taken to create work opportunities for all above political bias.

The new building of Old Agartala R.D Block was built investing 2 crore 73 lakh rupees. Others present in the programme were MLA Ratan Chakraborty, Rural development Secretary Soumya Gupta, West district DM & Collector Debapriya Bardhan, and Old Agartala Panchayat Samiti Chairman Biswajit Shil.
