

Daptar' to 'Janajati Kalyan Daptar' to pay respect to the tribal people of the state. Baramura was renamed to 'Hathai Kotor' so that people from outside the state could know about the culture of the state while entering the state. Through right management, facilities of various programmes of central and state government are reaching to the beneficiaries and the beneficiaries are getting 100% fund sent by the central government under different schemes. For this, none of the beneficiary had to approach their local representatives. Chief Minister enunciated, it is because of the government's clear vision that the local representatives and officers are working to cater the last person of the society with facilities and services of different programmes. For the development of rural economy income avenues are being created through different mediums including start-ups. The National Highways under construction are speeding up the development of connectivity of the state.

Chief Minister said, apart from creating appropriate environment for farmer's in the field for cultivation, different initiatives have been taken so that patta holders get facilities of agricultural sector. Chief Minister felicitated Sampati Debbarma in the inaugural programme for donating land for the PHC. Later on Chief Minister visited different units of the health centre.
