

LDC job offer given by transport department

Government cannot function without the active participation of employees because employees are part of the government. The success of the government also depends on the employees. Transport Minister Sushanta Chowdhury said this while handing over the job offer to the LDC post recipients in the Department of Transport through JRBT in a program held in the conference hall of the Secretariat yesterday. In the program, 8 people selected through JRBT were given job offers in the transport department.

On the occasion, Transport Minister said that the state government is providing jobs to eligible candidates through JRBT with transparency following all the rules and guidelines. In this case, although it took some time, the JRBT Board completed the recruitment process with transparency. The Transport Minister told the job recipients that everyone should work with honesty, efficiency and sincerity. You have to prove your skills in your career. No matter what position you work in, you need to develop the ability to lead yourself at work. The Transport Minister urged the new appointees to provide services to the public with transparency. On the occasion, the Transport Minister congratulated the newly appointed and wished them success in their careers. Commissioner of Transport Department Subrata Chowdhury also spoke on the occasion.
