**Kharif Campaign Workshop Held
in Khowai Agricultural Sub-division**

A workshop focusing on the Kharif Abhiyan under ATMA scheme was conducted yesterday at the conference hall of the Khowai Sub-division Agriculture and Farmers Welfare Office. The event aimed to promote the cultivation of high-yielding and hybrid rice during the upcoming Kharif season. The workshop was presided over by Tapas Das, President of the Standing Committee on Agriculture, Khowai Panchayat Samiti. Key discussions centred on the benefits and techniques of cultivating high-yield and hybrid rice varieties to boost agricultural productivity. Sub-Divisional Agriculture Supervisor Shrikant Nath announced the creation of a comprehensive database encompassing 3,500 farmers within the Khowai Agricultural Sub-Division. He encouraged other farmers to join this initiative to enhance resource allocation and support. The workshop saw active participation from the Pradhan and Upa-Pradhan of various Panchayats in the Khowai Block, who contributed to the discussions on improving rice cultivation practices. The emphasis was on adopting advanced agricultural methods to ensure a successful Kharif season and bolster food security in the region.
