Deep tube wells in Karbook block under JJM

Deep tube wells are being installed in different ADC villages of Karbook block under Jal Jeevan Mission. These water sources are being created to provide drinking water connection to every household in these villages. Recently, a deep tube well has been installed at Prabin Roaja Para of Jenta Twisa ADC Village of the block through which 52 households will be provided with drinking water connection. Apart from that, a deep tube well is being installed each at Bangali para and Rangachara of North Ekchari village, at Sagram Para of Poangbari village, at Panchaha Para of Jatanbari village, at Barabandhu Para of Ichachari village and Saratbikash Para of Jolaya village. Apart from that, two drinking water sources are being created under innovative scheme at Mandirghat area of Mukchari village. This was informed by Drinking Water & Sanitation department, Karbook office.
