**Finance & Statistics Minister laid foundation stone for
multistoried office building of Directorate of Economics & Statistics**

Planning and implementation of development programs is not possible without accurate statistics. Accurate statistics are required for accurate planning. Statistics Minister Vikas Debbarma said this while laying the foundation stone of the multi-storied building of the Finance and Statistics Department at the Directorate of the Finance and Statistics Department at Shankar Chowmuhani in Agartala yesterday. On the occasion, the Minister of Statistics said that based on accurate statistics, the government prepares action plans for development programs and that is why the government has taken the initiative to build a better infrastructure for this department. The advanced infrastructure of this office will also be developed in other districts and measures have been taken for providing better training facilities to enhance the skills of the office staffs. He also added that Rs. 7.8 crore have initially been allocated for the construction of this multi-storied building which will be constructed over 400 square feet in the office of the Directorate of Finance and Statistics.

At the foundation stone laying ceremony, Mayor of Agartala Municipal Corporation Deepak Majumder said that advanced infrastructure is being developed in various department to improve the quality of life of the people. Agartala Municipal Corporator Abhishek Dutta was also present on the occasion. Secretary of the Department of Statistic, Abhishek Chandra gave the welcome speech and Devanand Riang, Director of the department delivered the vote of thanks.
