2,396 CSCs in 8 districts of the state

Till October 31 this year, 2 thousand 396 Common Service Centres in eight districts of the state were set up in order to provide citizen-centric services with the initiative of e-governance under Digital India plan. 2 thousand 24 CSCs among them are located in the rural areas of the state. They cover 1 thousand 102 Gram Panchayats and villages of the state. Different kinds of B2C services including e-District are being provided online. These includes banking, insurance and billing services. This information has been provided by the Director, Information Technology.
