Legal assistance offered in rural areas of the state under Tele Law programme

Tele Law programme was launched on April 20, 2017 by the central government to provide legal assistance in rural areas of the state. Under this programme, the para legal volunteers selected through CSCs via video conferencing connect the citizens with different lawyers. Till October 31, 19 thousand 57 Tele Law cases have been filed in rural areas and legal counselling was done on 18 thousand 400 cases through Common Service Centre. This information was collected from a press release issued by the Director, Information Technology.
