**More 5 Start-ups about to be included  
for IT development in the state**

The Information Technology sector in the state is gradually developing as a result of which employment opportunities are being created in the state. The work to include more five Start-ups for IT development in the state has started. The state government started Tripura IT/ITES Start-up scheme to encourage youths towards establishing business in IT/ITES sector on 30 October, 2019. A webinar was organised with the initiative of NASSCOM and local initiator with the students from NIT, TIT, ICFAI colleges. Qualification certificates were given away for providing different management and infrastructural facilities to four initiatives namely eLogitron, Flaffy, Entertain, Talking Online Learning Solution Pvt Ltd. Work is going on to provide facilities to five more Start-ups. The state government will provide Grant-in-aid for the implementation of the scheme and infrastructural development.

For 'New Age Incubation Network' scheme implementation, MoU was signed between IT department, Government of Tripura and NIT-Agartala, TIT, Techno College of Engineering and ICFAI college. A first road show was held on November 12 on 'Destination Tripura Investment Summit-2021' at Centrum Hall, World trade Centre in Mumbai. A meeting was held with renowned businessmen and investors on stock exchange with the joint initiative of Policy Advocacy Research Centre led by Secretary Dr. Prashant Kumar Goyal. This was informed in a press release issued by the Director of Information Technology department.
