

**Agriculture Minister at Merit Award distribution programme in Udaipur**

**The government has taken various steps for improvement in learning for girl students belonging from minority communities: Agriculture Minister**

The state government has given special importance to expansion of education and to build required education infrastructure, enunciated Agriculture and Farmers Welfare Minister Pranajit Singha Roy after inaugurating Merit Award distribution programme for girls belonging from minority communities studying in classes 7 to 10 under Udaipur sub-division for the financial year 2020-21 at Udaipur Town Hall yesterday. The Minister said, the government has taken various steps for improvement in learning for girl students belonging from minority communities so that they can establish themselves in future. He said, education can take the community forward. It also plays a huge role in making girls self-dependent. Urging every parent to educate their girl child, the Minister said, now there are many scopes in education sector. These have to be utilized and encourage girl child to pursue higher education. Only then they will be able to become self-dependent.

MLA Biplab Kumar Ghosh, Chairperson of Udaipur Municipal Council Sital Chandra Majumdar. Welcome speech was given by Udaipur SDM Anurudha Roy. The programme was presided over by President of agriculture related standing committee of Matabari Panchayat Samiti Rafique Miya. Others present in the programme were member of Udaipur Municipal Council Rejaul Hussain, socialist Tapas Das, socialist Harun Choudhury. The guests handed over merit awards to the students. Merit awards were given to 264 girl students from 29 schools under Udaipur sub-division.
