

every household through Atal Jaldhara Mission and Jal Jeevan Mission. The Chief Minister also planted tree at the campus.

Deputy Chief Minister Jishnu Dev Varma in the programme said, "the previous state government even after increasing 90% electricity tariffs could not bring development to the services whereas the present government is setting up example on how to improve electricity services without extra tariffs hikes. Instead, the state government has managed funds from different organisations and has started this project. By December, the transmission line will extend to Gandacherra. Apart from this, target has been taken to set up more 34 electricity sub stations. Emphasis is being put on modernisation of the electricity corporation." Power department secretary Kiran Gitte lauded the present state government for making it possible to bring rapid improvement in the sector. The Chief Minister later interacted with indigenous families and wanted to know if they were being provided food packages under Chief Minister Covid Special Relief Package.
