Solar street lights in Kailasahar

Tripura Renewable Energy Development Agency, under the Ministry of Renewable Energy, has taken initiative to install 110 solar street lights in the sub-division. 20 solar street lights will be installed in Moruibari village, 17 in hirchara village, 15 in Maguruli Panchayat, 15 in Rangauti Panchayat, 15 in Latiyapura Panchayat, 16 in Samrurpar Panchayat and 4 in BSF Mike BOP. Apart from those, 4 solar street lights have been kept to install when necessary. Expenditure for installing each solar street light is 22 thousand 600 rupees. This information was collected from Tripura Renewable Energy Development Agency's Unakoti district project officer and engineer Daniel Tripura.

54th National Engineers' Day observed in state

Noted engineer M. Visvesvaraya has had massive contribution to the field of engineering and technology. Success will come if engineers would involve themselves into providing advanced services for public welfare following his footsteps, stated the chief minister Biplab Kumar Deb in his speech in the 54th Engineer's Day programme held today at Prachya Bharati school campus, Agartala.

The chief minister emphasized timely completion of work by setting a deadline for it. A few frontline Covid warriors were felicitated at this programme for their special contribution to their profession. On this occasion the chief minister also planted a sapling in the school campus. After this, he inaugurated M. Visvesvaraya's statue and paid floral tribute at water resources department campus, Kunjaban, Agartala.

Chief minister said, one should practice assessment through right usage of government resources and self-review of work. He also emphasized maintaining quality in work through supervision when necessary and stopping waste of government resources through proper planning and management. He said, there

is no alternative way to success other than hard work.

General secretary of State branch of Engineers' Association Sushanta Kumar Nath in his speech assured that the engineers will assist the government to reach the goal of model state. He also thanked the state government for taking the initiative of Adhoc-level promotion. A memento was handed over to the chief minister on behalf of Prachya Bharati Management Committee. Others present in the programme were PWD engineer-in-chief Dipak Chandra Das, retired chief engineer Tapan Lodh and president of State branch of Engineer's Association Vivekananda Roy.
