

will be given by the government free of cost. Children under the age group of 9 months to 15 years will be given this vaccine. Target has been set to vaccinate 86 thousand children of Unakoti district. The media workshop was organized by Unakoti District Health and Family Welfare Society.

Swachh Bharat Mission: Workshop held in West Tripura

A workshop held at Panchayati Raj Training Institution of Arundhatinagar was jointly organized by District Swachh Bharat Mission Management committee of West Tripura, DWS office and Agartala Regional Centre of IPHE, India on August 31. 172 Swachhagrahis, officials of DWS, block, gram panchayat and village committees took part in that workshop. This workshop was held on supply of pure drinking water and sanitation programme.

The Chief Engineer of DWS Department Soumesh Chandra Das inaugurated the workshop. In the inaugural speech he said that Swachhagrahis will take key role for implementation of Swachh Bharat Mission of Government of India. They will collect information about whether scientific toilets are there in every house or not, supply of pure drinking water is there in every house or not and whether people

are following the scientific sanitation system. Later based on these data they will submit a report to the Swachhagrahi member-secretary. He further stated this programme has been started in every districts of the state and from yesterday it had been started in West district also.

Additional Chief Engineer Baishampayan Chakraborty discussed on scientific toilets and personal sanitation stated that as a mark of success of their work one Swachh Village will be acknowledged as Orientation Village. Later a block, district and the whole state will be acknowledged as Orientation State respectively.

Superintending Engineer of DWS department Binay Bhushan Ghosh delivered the inaugural speech. After the inaugural programme IPHE secretary engineer Sitangshu Chakraborty and IEC and HRD consultant Aparajita Modak presented various aspects on DWS before the trainees through video clippings. Research Assistant Sunil Debnath demonstrated drinking water purifying method. At the end an interactive session was held between the trainees and department officials.
